Summary: Xilite/Ax poem; must read Hypnosis #6 before you read this

Never to Fly

Once I purposefully held myself apart

> Afraid of the emotions growing within my heart
 Once I wanted to repulse any signs of trust between you and I

> But now I'm lost without your touch, your love â€" never to fly

> I feel so lonely now, more than I thought I could ever be
 Just when I was ready to admit our love, willing to dream

> I was snatched away because I couldn't see the other side
 Of an offer that chained my heart to the ground â€" never to fly

>
 "I miss you," I whisper into the night

> Wish that just once I would let myself cry
 If ever I would, it would be now, because inside

> I am, mourning the fact that we're doomed to be apart â€" never to fly

> I stare up into the sky, now blackened with only stars of light
 What I wouldn't give to be by your side

> But no, I'm chained here, and my heart begins to sigh
 For I am so far away from you and doomed â€" never to fly
